

Reading and understanding patents

Date:	Wednesday, February 28th 2024, from 10:00 am to 12:00 pm
Type:	Webinar in English.
Location:	The course will be held online with Livestorm®
Knowledge:	You know what a patent is and would now like to learn what you can read from a patent document.
Costs:	This webinar is free of charge.

Content:

In this seminar we will deal with the information content of patents - where you can find what, why is it there, and how can you find out what is really protected.

After the webinar you will understand

- what patent claims are and what can be learnt from them;
- what the description and drawings are for and how they influence the scope of protection;
- how you can assess the content of the patent.

You are welcome to send us examples in advance, which we can then analyze together live in the webinar.

Organizational:

We recommend that you open the access link with Google Chrome, Mozilla Firefox, Safari, Opera or Microsoft Edge in a current version. More information on the browsers:
